BUILDING PROJEC

ON TRAINS AND NEW STANDS - FIVE CENTS

FREIGHTER SINKS GERMAN DIVER

Two Shots Fired From Steam . er and Diver Was Struck by Second

out from Bordeaux. Two shots were fired by the Gunyse

gunner, he said, and the second struck its mark. The submarine, he said, dis-

The gunner aboard the Guayne, a Breton, refused to discuss the incident, but others talked of it, paying tribute to the quickness and accuracy of his fire.

Everyone aboard knew that the next shot would settle the battle and that all lepended upon the next shot. The breton fired a moment before the German and

the shot struck squarely.

The U-boat floundered for a moment, desperately striving to keep affout, but finally disappeared. Captain Reusselot said his guiner stopped firing when he saw that the submarine had been hit.

The Guayne is a steel freighter of 2,-

400 tons net. She has carried millions of dollars worth of munitions to the allies since the beginning of the war and has had her 65 millimeter gun aboard since the submarine operations began to be a menace The gun is the same as that carried

er French ships mounted aster so that the vessel must turn onless the submarine approaches from the stern.

Captain Rousselot table his story of the sinking of the U-boat at the French consul's effice, where he went imme-diately after landing. "We left Bordenux January 21 in ballast," he said. "It was about moon of the next day when we observed off our port side a freight steamship with two masts and one funnel. She was about three miles away. As we watched, a submarine darted from behind her and started toward as.

"I immediately swung the boat about to train our gun on the submarine, but came at us. Neither shot was accur-

ate. told the gunners to take their time and ment of justice, which drafted the meas aim earefully. They did sho. The next ure, shot struck the submarine and she apparently collapsed, soon sinking.
"The boat was in distress and I or-
